Thank you Doug. This is of the highest importance to MWD. We appreciate your efforts. We are hopeful the NYSDEC agrees and understands the importance.

Stan Carey, Superintendent
Massapequa Water District

Hi Stan

I have let both the Navy and Grumman know that regardless of their interpretation of the definition of "hotspot" EPA would like to go after the contamination detected in the area of TT 101. I am hopeful/expecting that we will make progress on that front at the next meeting.

If there is anything you want to put on the agenda or discuss before the meeting let me know.

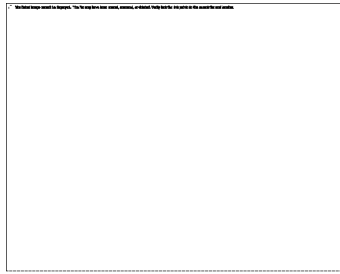

Hope you both have a great holiday weekend.

Doug

Thank you Doug. I am hopeful MWD will receive a comprehensive plan to address the contamination south of Hempstead Turnpike at this meeting.

Stan Carey, Superintendent
Massapequa Water District

Hello

Please find attached a draft agenda for the June 22 meeting. If you have any comments on or additions to the agenda please forward them to Jim and me. We have not received any comments on the meeting notes; we expect to finalize those next week and send them to all on this email list.

Looking forward to a productive meeting in June

Thanks

Doug

Subject: NWIRP-Grumman Quarterly Coordination Meeting

When: Monday, June 22, 2015 10:30 AM-1:30 PM (UTC-05:00) Eastern Time (US & Canada).

Where: R2NY-Rm-1940-30p.VTC.ERRD/R2-NY; EPA 19th floor room 1940

Agenda to be developed, but will likely be similar to our March 24 meeting agenda. Please feel free to suggest agenda topics.

Richard M. and Ed, we have drafted meeting notes from the March 24 quarterly meeting which I have distributed to those that attended that meeting. I will forward them to you after others have a chance to review and provide comments. You should have the meeting notes from the December meeting; if you don't have those handy let me know and I can forward them back out to you.

Thanks
